Current Leisure Affairs:

Negatives

- 4 categories are unbalanced. Therapeutic Arts and Recreation are provided regularly
- Not all programs are engaging based on patient feedback.
- Lack of accessibility to all beneficiaries

Positives

- Weekends have more leisure programs.
- Holiday months have more programs.
- Volunteer led activities have more beneficiaries per session.

Pilot Program: Why?

- Gain a deeper understanding of how leisure programs are conducted from the development stage to the end result.
- Evaluate the results of a program that is meaningful, enriching and provides healing to the patients.

Pilot Program: Paper Quilling

- Originally PQ was done fortnightly on Saturdays
- Volunteer run
- Problems:
 - Patient usually do only one project
 - Only on weekends
 - Volunteers change

Pilot Program: Logistics

- Started 9 July – 2 Aug (5 weeks)
- At least 2 times a week after lunch
- 8 patients total in wards 2B & 2D
- 5 kinds of projects
- One-on-one
- Patient Reports

Pilot Program: Conclusion

- Personalized cards & beds
- Prescribed patients with **consistent, balanced, and meaningful** leisure activities to **restore loss of dignity, build community, and personal fulfillment.**
- Trained two new volunteers to continue paper quilling on the weekdays
- Implemented a Saturday sign in sheet

Future Prescription: Proposal

- Equal access
 - Program board in the gym
- More volunteers
 - Recruit volunteers from organizations/schools to conduct sports programs
 - Recruit volunteers to assist nurse led programs
- Category balance
 - More sports and art therapy programs
- More variety within each program

End Goals

- Something for everyone, everyday.
- Goal is to be a leading hospital through DT programs in Singapore.
- Provide holistic, compassionate, and quality care
